EDUCATION

Purdue University

BS in Computer Science; Minor in Math; Certificate in Entrepreneurship
GPA: 3.94

West Lafayette, IN

Expected May 2029

EXPERIENCE

Co-Founder & COO

UPlate

Sept 2025 – Present

West Lafayette, IN

- **Co-founded and architected** a cross-platform mobile app using **Flutter** and **Cloudflare** that syncs with real-time campus dining data, utilizing **RAG** to generate personalized meal plans based on dietary restrictions.
- **Led product strategy and launch**, achieving **100 daily active users**; built AI-driven recommendation engine for fitness-based meal suggestions.

Software Engineer

Hack the Future (We the World Botswana)

Nov 2025 – Present

West Lafayette, IN

- Built an **AI-powered compliance system** using **semantic chunking** and **RAG** to automatically align nonprofit projects with UN regulations.
- Transformed unstructured UN policy documents into structured, machine-readable data for retrieval-augmented generation.

Technical Teaching Assistant

Purdue Google Developer Groups

Sept 2025 – Present

West Lafayette, IN

- Designed workshops teaching programming concepts to **hundreds of students**; provided mentorship in **React** and **VertexAI**.

Technical Co-Founder

Recruitabl

Aug 2022 – Mar 2023

Fort Wayne, IN

- Partnered with a professional athlete to launch a recruiting startup; designed automated profile generation system.

PROJECTS

Deckly – Bluetooth & Online Card Game Platform

2025

Flutter, Firebase, Bluetooth LE

- Built real-time multiplayer using client-server Bluetooth LE architecture with **AI opponents** for solo play. Published on App Store.

Professor Javaish IDE & Language

Aug 2023 – Oct 2023

React, Java, TeaVM

- Built a custom programming language and IDE with syntax highlighting, IntelliSense, and debugger. **1st place** at NE Indiana Science Fair.

Campus Connect

Jun 2024 – May 2025

Flutter, Firebase, Google APIs

- Launched mobile app for high school scheduling and ridesharing. Achieved **300+ users** on App Store and Google Play.

TECHNICAL SKILLS

Languages: Dart, JavaScript, TypeScript, Python, Java, C#

AI/ML: RAG (Retrieval-Augmented Generation), Semantic Chunking, VertexAI, Cloud Functions

Full Stack: Flutter, React, Firebase, Google Cloud APIs, REST APIs, MySQL

DevOps: Git/GitHub, Firebase Hosting, Cloudflare, App Store/Google Play Release

LEADERSHIP & AWARDS

- **1st Place – Claude Build-a-Thon:** Created an AI task manager ensuring task completion through photo-verified proof.
- **1st Place – Northeastern IN Tech Fest:** Programming competition sponsored by regional companies and universities.
- **1st Place – NE Indiana Science & Engineering Fair:** Built custom programming language & IDE; awarded Naval Science Award.
- **Coding Club Founder:** Created and taught a middle school club introducing Python basics.
